- Oct. 31, 3:00pm

---

**Estimated Student Budget $12,000**

**Could You Use Some Help?**

Talk to MIT Dining Services

Starting pay this year has been raised to $4.50/hr. Combine this with the free meals you’ll often receive and you won’t find a higher paying on-campus job.

Dining Service also offers flexible hours and some of the most convenient locations on campus.

It’s hard to top a deal like this. So, if you’re interested, come to one of the following sign-ups:

- **Student Center** (Lobdell and Twenty Chirneys) Wednesday, Sept. 9, 8:00pm
- **Walker Memorial** (Morse Hall and Pritchett) Wednesday, Sept. 9, 8:00pm
- **Baker** Wednesday, Sept. 9, 9:00pm
- **McCormick, MacGregor, and Next House** Wednesday, Sept. 9, 7:30pm

**nuclear energy**

**take on the challenge...**

**realize the future**

**The Challenge**
- Imagination, courage, leadership and engineering expertise of the highest order.
- The tasks you need to meet the challenge of our technology.
- Our leadership position at the forefront of commercial nuclear power systems.
- Will provide you with unique professional experience.

**The Opportunity**
- General Public Utilities created an independent organization, GPU Nuclear, to centralize its nuclear capability and provide safer, more reliable generation of electricity with nuclear energy.
- GPU Nuclear has the strongest commitment to the safety and health of our employees.

**General Public Utilities Corporation**

**Will be on campus**
