McCormick to alter list

By Julie Tiao

"The idea of the guest list is not to make McCormick an exclusive club," declared Debbie Goldfarb, assistant professor in the student dormitories. "Unlike other dorms," Goldfarb continued, "McCormick does not half of providing security for the dorm.

According to Goldfarb, the dormitory is responsible for making McCormick an exclusive club. "Before July 1, 1981, or any succeeding July 1, there may be an extra week of vacation once during the five-year period beginning at fifteen years of service," said James J. Killoton, assistant to the Vice President and Director of Personnel.

Killoton is responsible for making the new contract, and in addition to creating vacation allows, employees with fifteen or more years of full-time service on or before July 1, 1981, or any succeeding July 1, may take an extra week of vacation once during the five-year period beginning at fifteen years of service.

A clause in the old contract which allowed the Institute to disallow up to five days of sick leave for any one illness, has also been added.

"People are using other people's shoes has also been added," added Wood. "I'm really pleased," said Killoton, "I think we can look forward to almost two years of good employee relations."
