EXCITING CURRENT RESEARCH
IN SCIENCE AT MIT

Challenge! Another reason why tomorrow is taking shape at a company called TRW.

Challenge! For some, it's a once-in-a-life-time experience. For others, like the professionals at TRW, it's an everyday reality.

These knowledge-intensive men and women operate as a team to reach the highest pinnacle of technical excellence. They recognize the value of the individual to the group effort in reaching the top in a variety of technical disciplines — from large data base software systems, communications spacecraft, and alternative energy sources to scientific satellites, high energy lasers, and microelectronics.

So, if you're a rugged individualist with a strong desire to pit your skills against complex technical problems, look into TRW. We'll give you the experience you need to become an engineering professional of the highest caliber.

Now that you've mastered the basics and conquered one mountain, we invite you to scale ours.

TRW will be on campus October 28-30 to interview graduates in Engineering and Scientific disciplines at all degree levels. Contact the placement office to schedule your appointment, or write to:

TRW College Relations
Bldg. RS/8196, Dept. MIT 10/81
One Space Park Drive
Redondo Beach, California 90278
