The Massachusetts Internship Program has nearly 400 volunteer positions, which are open to all students, including juniors and grad students with backgrounds in engineering and computer sciences. The New England Internship Program, sponsored by the National Endowment for the Arts, allows students to work in the arts, design, and media. The Society of Black Engineers, MIT sponsored Research Internship Program, provides opportunities for US and non-US nationals, and is open to both US and non-US students. The program is open to seniors and graduate students, and allows students to work on projects in the arts, design, and media.

Shugart Associates will be on campus Thursday, Nov. 12.

**Shugart Associates**

**Will be on campus Thursday, Nov 12.**

Electronics Engineer
Digital/Network, Microprocessors
Mechanical Engineers
Small Mechanism
Design/Development

**BEAT THE CROWD!**

Come sit down, relax, chat and enjoy some wine and cheese with members of the Engineering Staff at President's Shugart Associates, an independent subsidiary of Xerox Corp.

**Wednesday, Nov. 11, from 12-2 pm**

Hyatt Regency Cambridge

This will be a brief slide presentation followed by wine and cheese and an opportunity to interact with members of the Engineering Staff. Sign up for this at the Placement Center.

Shugart Associates is the leading manufacturer of low cost, high quality disk drives. Located in Sunnyvale, California, we are one of the country's largest companies with several thousand employees. Our products are designed to meet the needs of a broad range of customers, including small business, education, and government.

**Lectures**

There will be a Teach-In entitled "How to Prevent Nuclear War" on November 11, Veterans Day, at 1:30 pm in the Green Room (3-130). This will be organized by MIT faculty members in conjunction with the Union of Concerned Scientists. Contact Scott Paradise 13-2961 for further information.

**Office Hours**

On November 12, from 4 to 5 pm Women in Politics — A Look at State Government will be discussed in the Green Room (3-130). Evelyn Murphy, former Secretary of Environmental Affairs under Mike Dukakis, will talk about her experiences as a woman in state government. She is currently the Director of the Institute for Toxic Waste Management, a visiting professor at Tufts University, and a columnist for Equal Times. In 1982 she will be campaigning for Lt. Governor of Massachusetts.

**Activities**

On November 13, 1981, HEM will be making a presentation at 7 pm in Room 35-105, the Bash Room, sponsored by the National Society of Black Engineers, MIT chapter.

**The United Nations Association of Greater Boston is sponsoring an International Careers Forum to introduce students to professionals in careers with international implications. Participants will include professionals from the fields of banking, brokerage, insurance, journalism, the Peace Corps, and non-profit organizations. To register for this event, please contact Elizabeth Redd or Joanne Bristo in the Career Planning and Placement Office, Room 12-170, ext. 4733.**

Have you been ripped off lately? Do you feel you've been had? If your complaint is for $750 or less, it is considered a Small Claims Court case. It's simple, fast, and you don't need a lawyer. Let the MASSPIRG advisory service at Boston College help you, Monday through Friday, 10 am to 3 pm at 969-0100 ext. 3516. MASSPIRG is a non-profit, student directed organization.
