"No one here at LINKABIT is too busy to answer questions..."

"When you run into a technical problem, someone here has the answer, or they can give you a good lead on how to find the answer."

Paul Bonnell
Senior Engineer-Manager

"LINKABIT has an impressive high-caliber professional staff."

Susan Graham
Senior Engineer-Manager

"LINKABIT is a company working at the forefront of technology."

Paul Moroney
Senior Engineer-Manager

As a member of LINKABIT's technical staff you will join the top professionals who are working at the leading edge of communications systems development.

Since 1968 LINKABIT has been applying Communication Theory, Computer Science and Digital Technology to meet the demanding requirements of programs that rely on LINKABIT's excellence and creativity.

As our programs continue to grow and become more comprehensive, they will also continue to challenge the talent, skill and ability of our Technical Staff.

Those who join us now will be joining an organization that has all the ingredients needed to produce a great career-rapid growth, state-of-the-art technology and a supportive, challenging work environment.

We invite you to be one of them — at LINKABIT in San Diego, the high-technology country of the 80's.

Get the facts first hand, during our On-Campus Interviews scheduled for February 5

Should you be unable to schedule an interview at this time, mail your resume to Elaine Rigo, College Relations
