We're Gulf Oil Corporation. And we'll be on campus to look for something very much in demand these days. New energy. Specifically, new human energy. The fast-changing energy field will continue to be one of the most exciting and rewarding places to launch a career into the eighties, and beyond. And Gulf has exceptional opportunities for new people with new ideas about solving energy problems.

Sign up for an appointment now at your placement office. And pick up some Gulf literature for background information. Because this year promises to be a great year for new energy. And we can't think of a better place to look than here.
