Men's soccer downs Bates in overtime 2-1

By Arthur Lee

Under a bright blue sky and beautiful field conditions, the men's soccer team defeated Bates College in double overtime by a score of 2-1 at Stuenbrenner Stadium last Saturday, as the Engineers upset their record to 2-3.

In the first half, Bates dominated the MIT backfield, putting some heavy pressure on the defense. Quickshot 1-3, the MIT defense finally broke down, allowing one goal. But they managed to keep the score to a 1-0 deficit at halftime.

With the start of the second half, MIT came back out alive and kicking. The Engineers out-shot Bates 3-2. With co-captain John Bous 93, one-timer Greater Boston League All-Star, back in the sweeper on defense, the Engineers completely shut down any genuine offensive threats from Bates.

With a strong defense behind them, the MIT offense quickly went to work. At 10:23 of the second half, halfback Guillermo Abudos 83 set up a shot for teammate and co-captain, John English 83. The ball went sailing just beyond the reach of the Bate goalie.

Football club loses 42-3 to Worcester State Lancers

By Martha Dickson

The football club went to Worcester State Saturday to face a team ranked number two in the nation and was completely dominated, losing 42-3. The Engineers' record is now even at 2-2.

Entering the game second in the league in defense, MIT was unable to contain the much larger Lancers and gave up three unanswered touchdowns before lineback Jon Opalka 84 intercepted a Sean Mahoney pass to set up a thirty-two-yard field goal by Tom Hastings G in the second quarter, making the score 21-3.

Worcester State scored one more touchdown in the half and two more in the fourth quarter to complete the rout. In all, the Lancers compiled 413 yards while limiting their visitors to 89.

Defensively, the star of the game for the Engineers was John Debbas 93, who had three receptions for forty-nine yards and set kickoff returns for a total of 127 yards including a forty-seven-yard return late in the game.

Last year Worcester State won the conference title with an 8-4 record, outscoring opposition 277-86. So far this year, the Lancers are 9-4 and have outscored their opponents 118-23.

In spite of the setback, the Engineers are looking forward to the homecoming game a week from Saturday against Bentley College, a game which MIT

Red Cross is coming on you.

The name desired is: The Tech

Twenty years ago, who'd have thought you could carry a roomful of computers in your pocket? Make music with numbers? Or push pictures through a glass thread?

Yet today, it's just as difficult to predict what another 20 years will bring. So we're leaving it up to some pretty well qualified individuals. People like you.

We invite you to participate in the Honeywell Futurist Awards Competition. Predict the changes that will occur by the year 2000 in Computers, Energy, Aerospace, Marine Systems, Biomedical Technology, and Electronic Communications, and how these changes will reshape the world.

The ten winners will be notified by mail, and invited to the Honeywell Futurist Awards Dinner with the Futurist Panel of Judges, February 15, 1983 in Minneapolis.
