Cable TV:
The next frontier for data communications.

Watching TV will never be the same. At-home banking, shopping, education, news/weather features, and multi-user video games are just some of the interactive services that will be supported by the Jerrold Communicon System.

• You can join a small, rapidly growing development team designing an interactive terminal/home computer/video games machine for connection to metropolitan 2-way cable TV networks.
• Bring the marriage of computers and telecommunications out of the office and into the home, participating in the birth of a new mass medium that will change the way people live.

The Jerrold Division of General Instrument Corporation is the first and largest supplier of electronic equipment to the CATV industry. We will be conducting campus interviews Friday, October 29th, 1982, for digital, software, and RF design engineers. Contact your Placement Office to arrange an interview if you are a BS or MS candidate in: Electrical Engineering □ Computer Science □ Mathematics □ Physics. If you are unable to see us on this date, please send your resume to Marcia Thompson at the Jerrold Division, 2200 Ryberry Road, Hatboro, Pa. 19040. (New Hope/Bucks County area.)
