Science for the People will present an evening with Frances Moore Lappe, author of Diet for a Small Planet and co-founder of the Institute for Food and Development Policy. Monday, February 14, 6-8pm. Come enjoy wine, hors d'oeuvres, and discussion with Ms. Lappe at 19 Craigie St. in Somerville (off Somerville Ave. near Porter St.) Tickets are $8 in advance and $10 at the door. This money is for promotional purposes for Feed, Need, Gwan, a Science for the People publication on food, population, and resources.

**Future Computer Professionals**

**Tandem Warmer**

In a big company, like the one where I worked for two summers, there's no way to comprehend what's going on everywhere. Here I talk to the Sales Representatives and get memos from the president about company goals and performance. There's a lot of contact about what's going on in the rest of the company.

When Michael first arrived in "Silicon Valley" and at Tandem, he found his Software Development group ready for him.

"I was surprised at how smoothly things went. When you make a big move, you expect things to go wrong, but they didn't. I had an office, and an exciting project to work on. It's exciting to be able to have a say in what's going to be out on the market soon."
