by Walt Holm

(Editors note: Walt Holm is the manager of the pistol team.)

The varsity pistol team swept two league matches Saturday at West Point, defeating Army and Ohio State University. The Tech shooters fired a score of 3091 out of 3600, beating Army's 3055 and Ohio State's 2997.

The team was led by Joe Mayo '81, who fired a 261 in the first pistol phase of the competition. Del in South Carolina scored 3094 to upset the varsity shooters.

MIT is so far undefeated (6-0) in the tough Northeastern Inter-collegiate Pistol League (NEIPL), and has a 7-1 overall record. One match - versus national champions Air Force - is left in the regular season; the scheduled time is Saturday at 9am in the duPont pistol range. Afterwards, the team will begin training for the National Championships, to be held March 26-27 at West Point.

Harassment of any kind is unacceptable at MIT and is in conflict with the policies and interests of the Institute. Harassment is defined as verbal or physical conduct which has the intent or effect of unreasonably interfering with an individual's or group's educational and/or work performance at MIT, or creating an intimidating, hostile, or offensive educational and work environment on or off campus.

Any member of the MIT community who believes that he or she has been harassed is encouraged to raise the issue, or to lodge a complaint with the Office of the Dean for Student Affairs in 7-133 or 5-106.

We're looking for people who don't think straight.

If you've always looked for what's around the corner rather than what is straight ahead, consider a career with Linkabit.

Linkabit didn't get to where it is today by way of tunnel vision. We're a leader in the design, development and manufacture of satellite and terrestrial communications equipment, specializing in local communication networks, encryption, forward error correction and high speed modulation. Our people are very creative, free thinking individuals who look beyond obvious solutions to find advanced, innovative ways to meet the challenging needs of this industry.

To help keep new ideas flowing, we've made sure that all career paths are flexible. Our engineers, for instance, are assigned to projects depending on their interests and abilities. As one assignment is completed, new opportunities are made available in a variety of fields.

Because our projects are very diverse and complex, we utilize the most advanced equipment available. And our staff is comprised of professionals with a wide range of expertise.

Our company is expanding rapidly, and we're constantly looking for talented people interested in communications systems, digital hardware or software engineering. We have positions available in San Diego, Boston and Washington, D.C.

ON CAMPUS INTERVIEWS: THURSDAY AND FRIDAY, FEBRUARY 17 AND 18.

Please contact your College Placement Officer to arrange an interview appointment. If you are unable to meet with our representatives, please forward your resume with college transcripts to: Dennis Vincent, M/A-COM LINKABIT, 3003 Science Park Road, San Diego, CA 92121.
