The important issues concerning seniors include selecting a well-known and well-liked commencement speaker, raising money for class funds, establishing an appropriate class gift, and planning for a memorable Senior Week. Because I have had much experience with organizing activities and working with the administration on such events as Homecoming, Spring Weekend, and Residence Orientation, I am sure that I have the capabilities to represent the Senior class' best interest in implementing these plans. But more importantly, I am very enthusiastic and believe strongly in the dynamic spirit of our class. I am confident that with your help and feedback, our senior year will be most unforgettable.

The concept of running for class office was effected by the support of my fellow classmates. The need for truly positive input to our class and to MIT requires energy and enthusiasm. Although I have no "official" experience here at MIT, I can draw upon my past experience as the president of the New Jersey State Horse Council. I have only my active interest in life, external and within MIT. Thus I offer myself as a candidate for Vice President '85.

As an active member of the Class of 1984, I would like to be able to work right away on Senior activities. The end is finally in sight, and we deserve the best Senior Week. Speaker, and commencement ceremony! Through my work with SCC and the activities we sponsor, and numerous Social Council events including 1985 Spring Weekend Coordinator, I have gained invaluable experience organizing and coordinating student activities. Along with the experience gained, I have had extensive contact with the administration dealing with Student Affairs. Therefore, I feel that I am more than qualified to fill this position.

Since the freshman picnic last year, our class has done nothing as a whole, save designing class T-shirts and our ring. I would like to change this, as I believe that our peer's association is an important part of education. I see a need for more social events, more class projects, parties, and a class picnic. I will be open to any suggestions and I hope to earn your support and respect in the coming year.

From the experience gained by my involvement in various Institute Activities, I believe that I can positively contribute to our class. Serving on our Ring Committee, and as an officer on our council, I can effectively help our council deal with any situations that may arise. Having lived in both a dormitory and currently in a fraternity, I have a more complete view of MIT life. These are some things that you should consider. Most importantly, involvement and dedication are what I am about—so cast your ballots for Richard Hahn.

The biggest problem with our class' government is communication. Little effort has been made to publicize events or solicit ideas from those outside the elected offices. Minutes of meetings are never posted in lobby seven, or sent to those formerly active with the class government.

Thus, I felt that if anything was to change, I would have to change it myself. As secretary, I intend to fulfill the duties of my office which includes posting notices and minutes in our space (the empty space between 1984 and 1985) in lobby seven informing the class of '85 of what is really happening with their government (if anything).
