 Bodies retrieved from trenches in Grenada — An American official in Grenada said more than 100 bodies had been found in two mass graves near a Grenadian military training camp. The victims are be- lieved to have been killed during a rally at the Grenadian capital of St. George’s on Oct. 19. One of the bodies is presumed to be that of former Prime Minister Maurice Bishop, who was shot along with four former Cabinet members during the rally, held one week after Bishop’s government was overthrown. Lead- ers of a US Congress delegation predicted American soldiers would remain in Grenada for at least six months to train and establish police and security forces.

Arafat loyalists lose key position — Palestine Liberation Organization (PLO) soldiers led by Yasser Arafat withdrew from one of Arafat’s two remaining guerrilla strongholds in Lebanon after three days of intense artillery barrages from a numerically superior force of Syrians and Syrian-backed PLO auxiliaries. A spokesman for Arafat said special units of Syrian commandos supported by tanks overran the Palestin- ian camp of Nabir el Bared Saturday, forcing Arafat and his soldiers to flee to Beddawi, the remaining PLO stronghold in Lebanon. “We shall die hard,” Arafat said, vowing to continue to fight “irrespective of the odds.”

Local

Full shows Flynn increasing lead over King — Raymond L. Flynn strengthened his lead over Melvin H. King in the Boston mayoral race, according to a Nov. 3 poll conducted for The Boston Globe. Among those likely to vote in the Nov. 15 election, 56 percent said they would choose Flynn and 39 percent indic- ated they would select King, with 5 percent undecided. Flynn had led King 51 percent to 41 percent in an Oct. 27 poll. An official for Research Analysis Corp., the group which conducted the poll, said Flynn’s lead strength reflects increased support in white sections of Dorchester, Charlestown, and South Boston.

Weather

Mid weather continues — Partly to mostly sunny today with a high temperature near 60 degrees. To- tality partly cloudy with a low temperature of 41 to 45 degrees. Mild, breezy, and some sun on Wednesday; high temperatures around 60 to 64 degrees. No rain is expected through Wednesday night.
