**QUESTION:** How quick is PHOTOQUICK? 

**ANSWER:** Quick Enough to Serve You Better 
Slow Enough to Do It Right.

At PHOTOQUICK/CAMBRIDGE we offer a good balance between returning 
your pictures quickly and giving you the best possible quality. Bring in 
your rolls of color print film or reprint negatives before 10 AM, and we’ll have 
your pictures ready the same afternoon.

We take enough time to personally inspect every negative to make the proper corrections for color balance and density, and we make over those prints that don’t bring out the best from 
your negatives.

The so-called one hour labs just don’t have the time to do this. And the mass processors who 
do most of the drugstore and camera store work are running film through their giant machines 
at up to 14,000 prints an hour. They don’t have time for personal inspection of anything.

Trust your films to PHOTOQUICK/CAMBRIDGE, and get the quality pictures you want.
