Monolithic Memories Inc. Presents at MIT

"Information Night"
February 7, 1984
6:00 - 8:00 p.m.
5 - 134

We are looking for June Graduates in BSMS and BSEE. Monolithic Memories is recruiting on campus Friday February 10

At General Dynamics, we design careers the same way we design our products: for success. Today, many college graduates, particularly in the fields of Engineering and Computer Science, are playing a crucial role in this success. If you are qualified, we offer a spectrum of opportunities in aerodynamics, advanced signal processing, radar systems, embedded software, laser and electro-optics, composite structures, VLSI, non-linear structural analysis, robotics, CAD/CAM and other state-of-the-art technologies. Using the most advanced equipment, you will learn to integrate these technologies into new and existing programs in aerospace, electronics, shipbuilding, military land vehicles, computer systems and many other areas. You will also work with professionals who are recognized leaders in their fields. And to help you advance your knowledge, we provide formal training and tuition refund programs. To learn more about a state-of-the-art career at General Dynamics, see your Placement Officer for a campus interview.

The state of the art in careers.

GENERAL DYNAMICS
Equal Opportunity Employer/ U.S. Citizenship Required

CAMPUS INTERVIEW DATE:
FEBRUARY 16.
