Pistol wins sectionals

By Len Rafuse

MIT won the New England Collegiate pistol sectionals at MIT this weekend. The team hosted Worcester Polytechnic Institute, Norwich University, and the US Coast Guard Academy for the sectional titles.

In free pistol, both the MIT Gray and Maroon teams fared well, finishing first and second with scores of 2041 and 2012 respectively. Norwich, a new team in the competition, placed 1st and 3rd with a score of 1939.

WPI finished third with a score of 1895. The Gray and Maroon teams faired well, finishing first and second respectively. WPI finished third with a score of 2148 and 2012 respectively. Norwich, a new team in the competition, placed 1st and 3rd with a score of 2041 and 1939 respectively.

WPI finished third with a score of 1895. The Gray and Maroon teams faired well, finishing first and second respectively. WPI finished third with a score of 2148 and 2012 respectively.

The winning Gray team was composed of Landrau '85, Will Johnson '83, Roberto Dunia '84, Dave Martin '84, and Jerry Martin '83. The winning Maroon team was composed of Jerry Johnson '83 and Larry Deschaine '85.

The second-place Gray team was led by Dave Martin '84, Will Johnson '83, Roberto Dunia '85, and Larry Deschaine '85. Dave Martin took first with 2148 points. The winning Gray team was composed of Landrau, Will Johnson, and Jerry Martin. Dave McCormack of Norwich won the individual competition with Dave Martin in second and Johnson in third. Len Rafuse '84 led the Maroon team.

The air pistol results found MIT Grey and Maroon in first in second again with scores of 1470 and 1435. WPI finished third with a 1410. The first team was Jerry Martin, Landrau, Deschaine and Dave Martin. Jerry Martin won first with Landrau one point behind in second. The place next to Dave Martin was taken by WPI. Johnson led the second team.

The team is now training for the Collegiate Championships April 6-8 at the US Air Force Academy. The team won the sectionals after finishing 7-1 on the season.

Editor's note: Len Rafuse is a member of the pistol team.

The Most Sophisticated Training Ground
For Nuclear Engineering
Isn't On The Ground.

It's on a Navy ship.
The Navy has more than 1,900 reactor-years of nuclear power experience—more than anyone else in America. The Navy has the most sophisticated nuclear equipment in the world. And the Navy operates over half of the nuclear reactors in America.

With a nuclear program like that, you know the Navy also offers the most comprehensive and sophisticated nuclear training. Every officer in the Nuclear Navy completes a full year of graduate level technical training. Outside the Navy, this kind of program would cost you thousands. In the Navy, you're paid while you learn.

Then, as a nuclear-trained officer, you supervise highly trained personnel in the operation of the most advanced nuclear propulsion plants ever developed. You get a level of technical and management experience unequalled anywhere else.

You get important responsibilities and you get them fast. Because in the Navy, as your knowledge grows, so do your responsibilities.

Today's Nuclear Navy is one of the most challenging and rewarding career choices a man can make. And that choice can pay off while you're still in school. Qualified juniors and seniors earn approximately $1,000 per month while they finish school.

As a nuclear-trained officer, after 4 years with regular promotions and pay increases, you can be earning as much as $40,500. That's on top of a full benefits package that includes medical and dental care, and 20 days' vacation earned each year.

As a nuclear-trained officer, you also earn a place among this nation's most qualified and respected professional. So, if you're majoring in math, engineering or the physical sciences, send in the coupon. Find out more about the most sophisticated training ground for nuclear engineering. Today's Nuclear Navy.
