Have you seen a good movie lately?
If you are interested in reviewing anything from Mozart to Mick Jagger or from cookbooks to AI textbooks, then The Tech's Arts Staff is the place you want to be. We're not just punk (or anything else for that matter). Review what you enjoy reviewing. Of course, if you enjoy punk music we're interested in hearing from you, too.

Integrated Studies Program
Room E51-017 x4074

ISP OFFERS:
- all freshman core courses, including options for students who have advanced placement
- flexible scheduling of core courses
- related humanities courses and seminars to help you explore the historical and philosophical underpinnings of scientific disciplines
- the advantage of experiencing both large group lectures with other freshmen and small-group interactions in classes, seminars and tutorials designed specifically for ISP students
- enthusiastic faculty and student tutors

If you are interested in an alternative program for your first year at MIT, please visit us — we look forward to talking to you.

Students! Work Smart.
Work Simply...With Hewlett-Packard.

Take a good look at your class schedule.

If you're in Science or Engineering, chances are your classes include Calculus, Physics, or Chemistry. Engineering Statics, or Dynamics. You're running up against some tough calculations, with statistics problems, hyperbolas, and logs. The HP-11C calculator helps you breeze through those problems with a few simple keystrokes.

Need to simplify problems that are even more complex? The HP-41CV gives you 128 built-in functions—and the HP-41CX over 200—to simplify your long homework assignments. Use up to 6,437 bytes of memory to save the programs and formulas you use often. And there are thousands of software programs, so you don't have to start from scratch next term.

If you're in Business or Finance, you're probably taking Accounting, Statistical Methods, Finance, and Investment Analysis. Classes loaded with tedious calculations. End the pencil-and-paper drudgery with the HP-12C. The most powerful decision-maker on the market! Dedicated keys make time value of money calculations, amortization, Net Present Value (NPV), Internal Rate of Return (IRR), and statistics solutions as simple as a single keystroke. And it's easy to change values or correct mistakes without reentering your entire problem.

Hewlett-Packard calculators. They help you work smart this term. And next term. And even later on the job. Get your HP today from your local HP dealer.

For the location of the dealer nearest you, call TOLL FREE 1-800-FOR-HPPC.
