Students! Work Smart.
Work Simply...With Hewlett-Packard.

Take a good look at your class schedule.

If you're in Science or Engineering, chances are your classes include Calculus, Physics, or Chemistry. Engineering Statics, or Dynamics. You're running up against some tough calculations, with statistics problems, hyperbolics, and logs. The HP-11C calculator helps you breeze through those problems with a few simple keystrokes.

Need to simplify problems that are even more complex? The HP-41CV gives you 128 built-in functions—and the HP-41CX over 200—to simplify your long homework assignments. Use up to 64K bytes of memory to save the programs and formulas you use often. And there are thousands of software programs, so you don't have to start from scratch next term.

If you're in Business or Finance, you're probably taking Accounting, Statistical Methods, Finance, and Investment Analysis. Classes loaded with tedious calculations. End the pencil-paper drudgery with the HP-41C. The powerful decision-maker on the market! Dedicated keys make time value of money calculations, amortization, Net Present Value (NPV). Internal Rate of Return (IRR), and statistics solutions as simple as a single keystroke. And it's easy to change values or correct mistakes without rewriting your entire program.

Hewlett-Packard calculators. They help you work smarter. And need less effort even later on the job. Get your HP today from your local HP dealer.

For the location of the dealer nearest you, call TOLL FREE 1-800-FOR-HPPC.
