You know this stereotype. And you know it doesn't apply to you. Yet finding an employer who ignores stereotypes and recognizes talent may seem difficult, if not impossible.

At The Travelers, we know exceptional talent when we see it. And we have a program that prepares gifted, highly motivated individuals for management careers in data processing.

Our ACCENT (Accelerated Entry into Management) program will challenge your technical and intellectual abilities. Through rotations, you'll contribute to areas like Network Design and Development, Personal Computer Development, and Operating System Support. And across-the-board experience is good preparation for management responsibilities.

And with your ACCENT training behind you, you'll be ready for a visible management position. In a department with an annual budget exceeding $200 million dollars, state-of-the-art data centers in Hartford and Atlanta, and one of the largest distributed networks in the world.

The Travelers is a diversified financial services corporation with $33 billion dollars in assets. We are committed to improving productivity with the help of such leading-edge technologies as the 12,000 IBM personal computers we've purchased.

So if you want a career that matches your ability, ACCENT wants you. Come talk to The Travelers representative on campus.

Nerds need not apply.
