Outsight Looking In
By V. Michael Bove

Knock Knock

Knock Knock

Inside, who's there?

Knock Knock

Knock Knock

Outside, who's there?

Knock Knock

Knock Knock

Chasing the bottle on the end of the cane there—
and take a good look sir.

Knock Knock

Knock Knock

Ask that fellow wondering going down. What is it?

Knock Knock

Knock Knock

Can't give away my trade secrets, so let's just say It's a very traditional problem.

Knock Knock

Knock Knock

Thank you. You're a real live music.

Knock Knock

Knock Knock

Every good wine with description of the title keeps a face of age and shows around for coming out just like this.

Sticks

THE UNIVERSITY OF MARYLAND
FAIRCHILD SCHOLARS PROGRAM

A unique way to earn your M.S. or Ph.D. in electrical engineering.

Work 3 days a week at full salary; study 2 days a week under full fellowship.

Apply today if you have a B.S. (in science or engineering), the background for E.E. study, and a G.P.A. above 3.2 (4.0 scale).

To apply, write or call Prof. Anthony Ephremides, director of the Fairchild Program, Department of Electrical Engineering, The University of Maryland, College Park, MD 20742. Phone (301) 454-6199/6845/6871. U.S. citizenship required before employment begins.

Or contact the Fairchild Program representative when he visits your campus:

DATE: OCTOBER 26, 1984
TIME: 9:00 - 4:30
PLACE: Career Planning & Placement
