Computer science and engineering grads

MIT gave you the opportunity to learn. SSD gives you the opportunity to contribute.

Small System Design designs and develops high performance processing engines for graphics, communications, and control applications. Being small, we offer a combination of challenge, involvement, and responsibility you’re not likely to find anywhere else. If you have an entrepreneurial bent and want to mature quickly in the industry, let’s talk.

Our representative will be on campus Tuesday, November 27 and Thursday, February 28, 1985. Make an appointment with the Office of Career Services (Room 12-170, 253-4733). If that’s inconvenient, drop off your resume or send it to us at the address below.

Small System Design, Inc.

Liking Ideas from Concept to Production

In just one day you can become a life-saving expert.

Call Red Cross today about learning CPR—cardiopulmonary resuscitation.

Call Red Cross today about learning CPR—cardiopulmonary resuscitation.

Maybe we'll cure cancer
without your help, but don't bet your life on it.

The way it stands today, one American out of four will someday have cancer. This means it will strike some member in two out of three American families. To change these statistics, we have to change the enemy. We've expanded our research, and we're committed to finding a cure. The American Cancer Society will never stop the fight against cancer. We have to commit ourselves to the battle.

American Cancer Society
The war cannot wait.

WHO’S WHO AMONG GRADUATE STUDENTS?

The Graduate Student Council is accepting applications for a total of 17 nominations to the 1985 edition of Who’s Who Among Students in American Universities.

Interested graduate students should send their resume and a cover letter describing current activities (academic and extracurricular), honors, and awards to the GSC office, 152-153, nominations Committee, 50-232. Nominations by faculty are also accepted.

Should a Week in the Hospital Cost as Much as a Year in College?

That's what the average hospital stay costs these days. But is there a cure? Like most news stories, the issues surrounding the rising costs of health care are complex. That's why you should watch The MacNeil/Lehrer NewsHour every weeknight. You get more facts. You hear different sides. Most important, you get the analysis you need to understand the issues behind the stories.

Major funding for The MacNeil/Lehrer NewsHour is provided by AEIS, the national corporate underwriter.
