Daniel Grunberg G and Douglas Chin G, both students in Course VI, were the winners of the IAP Contest "Dueling Towers." Their Tower was able to withstand a downward force of 2000 lbs., the maximum possible by the testing machinery. A number of towers were able to sustain this load, but the pair's entry was determined the winner because it was the lightest and had the fewest number of joints.

We're Sanders Associates, one of the world's leading producers of advanced defense electronics and computer graphics systems. Our broad spectrum of involvement offers you the opportunity to apply your knowledge to areas that include countermeasures, signal processing, ocean surveillance, air defense training and simulation, automatic testing, systems management, and air traffic control.

Throughout our expanding organization, our people are working on important projects applying advanced hardware and software capabilities to the development of state-of-the-art systems and products that meet and anticipate the world's changing needs.

If you are graduating this year with a concentration in Electrical Engineering or Physics, plan to talk to Sanders about how the challenge and diversity of our work can be applied to your career.

Located on the northern sector of Boston's high technology belt, Sanders offers technical graduates the opportunity to live and work in a unique environment. Find your place in our engineering community. Contact your Placement Office or send your resume to: Coordinator of College Relations, Sanders Associates, Inc., Co 209, Nashua, NH 03061-2029.
