Golf team to open season

By Jerome Braunstein

The varsity golf team opens its season today with a match against Division I Northeastern and Division II Merrimack.

Coach John G. Barry was unable to make any predictions for this season because three of the seven varsity players graduated last year. The openings will be filled by junior varsity players and incoming freshmen.

Alexander A. Romeo '86 will captain the Division III team this year, and Christopher F. Del Viol '87 will manage.

Eric D. Axel '87 led the team last season to a record of 15 wins, two losses and one tie. Axel, described as "high caliber" by Barry, has competed in both the National Collegiate Athletic Association Division III finals and the Eastern Collegiate Athletic Conference finals in the past two years. He also won the Greater Boston Tournament last year.

Barry said that he's depending on Axel, last year's most valuable player, to be the key player once again.

Martina Navratilova won one of three championships at the United States Tennis Open in Flushing Meadows, NY, which concluded this weekend. Shown here, Navratilova prepares to smash a volley past Virginia Wade in a semifinal match in mixed doubles. After the match, Navratilova and partner Heinz Gunthardt discussed strategy which led to their eventual victory over Elizabeth Smylie and John Fitzgerald, 6-3, 6-4.

Czechoslovakia dominated the singles competition. Ivan Lendl defeated John McEnroe, 7-6, 6-3, 6-4, while Hana Mandlikova topped Navratilova, 7-5, 7-6, 7-6. In men's doubles, Kenny Flach and Rob "Goose" Seguso defeated Henri Leconte and Yannick Noah, 6-7 (5-7X), 7-6 (7-1), 7-6 (8-6), 6-0. Claudia Kohde-Kilsch and Helena Sukova upset Navratilova and Pam Shriver, 6-7, 6-2, 6-3.

SOME COLLEGE COURSES ARE MORE EXCITING THAN OTHERS.

How many college courses teach you how to shoot the rapids? Or rappel a cliff? Or find your way out of a forest with nothing but a map and compass to guide you?

At least one does—Army ROTC.

And you could find yourself doing any one of a number of exciting adventure training activities like these in the Army ROTC program. Activities that develop your stamina. And your self-confidence.

But adventure training isn't the only way you develop. You'll also learn the basics of leadership and management by attending ROTC classes, along with the subjects in your major.

And you'll be excited about two other benefits Army ROTC offers. Financial assistance. Up to $1,000 a year for your last two years of Army ROTC. And the opportunity to graduate with both a degree and a commission in today's Army—including the Army Reserve and Army National Guard.
