ODSA pleased with dorm rush
(Continued from page 1)
was definitely different this year and better," he said. "I don't think people got away with much."

Administration comments
"I was amazed at the lack of complaints or incidents or violations of dry rush policies, according to Robert A. Sherwood, associate dean for student affairs. "Dry rush did not seem to have any detrimental impact on R/O work."
"Alcohol is everywhere in the environment," said Mark E. Erkel, advisor to fraternities and independent living groups in the Dean's Office. "Around here, alcohol is available."
"I could not have been happier," he said. "The feedback I have gotten . . . has been very, very positive."

First, assume the recruiters at the Boston Consulting Group won't be impressed by a "B" in Corporate Finance.

Second, assume a "B-Grade" calculator won't be good enough to help you make the grade in "B-School." We suggest you get a calculator that has no equal.

The HP-12C:
- So advanced, it doesn't need any "equal" key.
- So extremely simple to use, you'll be mastering even the toughest courses.
- The HP-12C is a recognized standard in the world of business. Ask any banker or financial analyst or consultant.
- It offers more built-in financial calculating power than any other hand-held. Press just one key and quickly solve time value of money calculations like net present value, internal rate of return, or amortization.
- The HP-12C's quality has no equal. That's something you can see. Even feel. Right down to the touch of the keys.
- They're specifically designed to eliminate double entry. So you won't enter more than one number at a time.
- It's a calculator you'll appreciate even more as time progresses and you progress. From the classroom to the boardroom.
- So make a smart investment right now.

Go to your campus bookstore and get an HP-12C. Or call (800) FOR-HPPC toll-free. Ask for Dept 753A. We'll instantly give you the name of a dealer who has no equal.

Then write to this address a little later on.

Exchange Place,
