FINANCIAL AID OFFICE NOTICE:
The "Statement of Registration Status" is still required of all male students who are (by law) expected to register for the draft, if they desire to receive federal financial aid.

-The "Statement" is also required of all other students as well, and whether it is required every year, have become an institutional option.

-MIT is opting not to require the "Statement" of women, or of students whose date of birth indicates they are not required to register for the draft.

-MIT is opting not to require annual submission of the "Statement" by male students who have once indicated that they have registered.

-Male students who have completed the "Statement" by indicating they are "underage" will be required by MIT (as a condition for receiving federal aid) to submit the "Statement" annually until they state that they are registered.

-Student aid delivery agencies other than MIT are free to exercise the new options differently. Students may therefore find that GSL lenders and state scholarship agencies require the "Statement" where MIT does not. And we suspect that applications for Pell Grant will still be consummated by the student's completing the "Statement" annually until they state that they are registered.
