Williams offers advice to minorities

...continue past the two-year period, if the outside scholarship is renewed, Miller added. Manning said that CUAAP is very concerned with developing a flexible financial aid policy.

Scholarship program instituted

...Williams asked his audience to "think, and then act...". "You will not be poised for the new MIT education," he said. "We are now in an equality movement. We cannot adopt the eastern's rules. They have failed us."

Discuss Your Future With General Electric

Who?

BS and MS candidates in electrical engineering, computer science, mechanical engineering, aeronaual engineering and nuclear engineering.
