The "Statement of Registration" is still required of all male students who are (by law) expected to register for the draft, if they desire to receive federal financial aid. The following students do not have to file statements: women, graduate students and those who have completed the statement in previous years. MIT requires male students who have completed the statement by indicating they are "uninterested" to submit the statement annually until they have registered.

Students may find that GSL and Pell Grant lenders require an statement where MIT does not.

Undergraduate students interested in communicating with high school students (and guidance counselors) what it's like to be an American engineer, are invited to join Project Contact. For more information please contact the Educational Council Office, 4-360, 253-3334.

Reference librarians in each of MIT's fourteen libraries will be glad to explain how to find and use the materials in their libraries. Call to find out about special events or specially arranged tours.

The Cambridge Dispute Settlement Center has announced that it is making its service of mediation available to roommates in the Cambridge area.
