INFORMATION MEETING

A Very Large Scale Invitation
from a Technology Leader, to meet with some
Very Interesting People

Today, they are some of the talented professionals who put Teradyne at the top of the Very Large Scale Integration (VLSI) test market. Not too long ago, they were MIT students. And on Tuesday, February 11th, they're "coming home" to share their experience and expertise with you.

Date: Tuesday, February 11th
Time: 5:00 p.m. to 7:00 p.m.
Place: Room 2-146
Refreshments will be served.

Teradyne is the world’s largest independent producer of Automatic Test Equipment (ATE) for the electronics industry. The company’s products also include computer-operated laser trim systems, test services and software, telecommunications test systems and backplane connection systems. Teradyne offers fast-paced careers in hardware and software design, applications and customer support, mechanical design and sales.

So be there, February 11th, and keep your . calendar clear Monday, February 24th, too. That’s when Teradyne will be holding on-campus interviews. Details to follow.
