ON CAMPUS
Meet Members of our Technical Staff
October 22, 1986

Lincoln Laboratory professionals are at the forefront of unique Research and Development efforts across a broad spectrum of advanced electronics technology in projects ranging from component development to the design and construction of complex prototype systems. Every year, many of the Enist Ph.D. and M.S. level graduates add their expertise and energy to our international reputation for excellence. We invite you to join them in one of the following areas.

- Satellite Communications
- Digital Systems Processing
- Signal Processing
- Machine Intelligence
- Optics and Lasers
- Image Processing
- Microelectronics
- VLSI

Located at the heart of New England's high technology belt, a career at Lincoln Laboratories also puts you within easy reach of the region's most beautiful beaches and mountains—no more than 15 miles from downtown Boston with its diverse cultural, educational and athletic events. Contact your placement office to arrange interviews or send your resume to Mr. John Mitchell, MIT Lincoln Laboratory, 244 Wood Street, Lexington, MA 02173. (617)663-9660, Ext. 7050. U.S. Citizenship required.

An equal opportunity affirmative action employer.
