**UNIVERSITY OF OXFORD**
MODERN BRITISH STUDIES

Through Boston University, study for one semester at St. Catherine's College, one of the 35 colleges that make up University of Oxford. Courses are in modern British history, literature, and politics, taught on-site by Oxford faculty. Students have full privileges at St. Catherine's College. Applicants need at least a "B" average.

**BOSTON UNIVERSITY OPEN HOUSE**
October 14, 1986
7:00 — 8:00 p.m.
College of Communications Lounge
630 Commonwealth Avenue

*The Twenty First Century Overture*

Where will time take us next?

To an information utopia where knowledge belongs to everyone? To an age when the computer becomes one with communications and thought travels everywhere, anywhere and at anytime?

To a brave new world where electronic intuition solves the impossible problems that have followed us through history?

Getting to this future first is our mission.

We're Bell Communications Research (Bellcore), established as the central source for the research and technologies that will enable the Bell Operating Companies to meet the needs of the future.

We are working in areas that include software development; applied research; information systems; systems engineering; network planning services; and equipment assessment.

Our purpose is to know more, understand more, see more so that we can provide others with the expert advice they need to build the future. Bell Operating Companies look to us for the software and technologies they need to operate efficiently.

We are a "brain trust" that imagines a new tomorrow.

We have opportunities at our northern and central New Jersey locations for individuals with PhD, MS or BS degrees in Electrical Engineering, Computer Science, Mathematics, Operations Research or Physics.

If you want to write the technological harmonies that the future will play, sign up at the Career Planning and Placement Office to

**Interview with us on campus**

November 18

Alternatively, send your resume, detailing your education and experience to Manager, Technical Employment, Bell Communications Research, RRC, Department 127/4421/86, CN 1390, Piscataway, New Jersey 08854.

An equal opportunity employer

Bell Communications Research

Communications is our middle name.
