Ongoing

Do you have questions about Distribution subjects and fields, Concentration requirements or procedures, who are HASS Elec-

tive subjects? Come to the Hu-

nas, Arts, and Social Sci-

ciences Office, 14N-409 for help

with anything to do with the

HASS Requirement. We are open

9-5. Stop by or call us at x3-4441.

The Bursar's Office (Student

Services and Student Loans) is

pleased to announce that our

hours of service are now 9-5,

Monday through Friday. The

Bursar's Office is located in E19-

215.

The Off-Campus Housing Ser-

vice welcomes any member of the

community who either has avail-

able housing or who is searching

for housing to contact our office

in Room E18-301, ext. 3-1490.

The professional tutor staff of the

MIT Writing and Communicati-

on Center (14N-317) will be

glad to consult with you on any

writing or oral presentation pro-

ject (papers, thesis, letters, etc.)

from 10-4 Monday thru Friday.

You may either phone for an ap-

pointment (x3-3090) or just drop

in. In addition, workshops for

those for whom English is a sec-

ond language are held in the Cen-

ter on Thursdays from 4:15 to

5:15 pm. All services are free.

The MIT Museum has many

ongoing exhibits. The Museum is

located at 265 Massachusetts

Ave., and is open Monday-

day 10 am - 4 pm. Admission

is 50 cents. After 4 pm, admis-

sions is free.

Undergraduates who are inter-

ested in communicating with high

school students (and guidance

counselors) what it's like to be an

MIT student are encouraged to

join Project Contact. For more

information please contact the

Educational Council Office, 4-

240, x3-3354.

The Student Conservation As-

sociation (SCA) is providing op-

portunities for about 130 stu-

dents to obtain expense-paid

volunteer positions in conserva-

tion and resource management.

Volunteers this winter and spring

will serve in such areas as: the

Virgin Islands, San Francisco,

Florida, Arizona, Idaho, and Ha-

waii. Telephone the SCA at (603)

215-6247 or send a postcard

to: Student Conservation As-

sociation, PO Box 550C, Charle-

town, NH 03603.

PHOTOVOLTAICS:
DAWN OF A NEW ERA.

Since the beginning

time, man has

sought ways to

harvest the power

of light. Join us in

accepting this

challenge.

We are ARCO Solar, Inc., a

subsidiary of Atlantic Richfield

Company and the world's leading

manufacturer of photovoltaic

modules.

Due to our advances, solar
electric (photovoltaic) energy is

rapidly becoming the power supply

choice for an expanding range of

products and applications.

Our photovoltaic modules serve

as a dependable power source in

everything from consumer elec-

tronic to utility power plants.

We have committed major

resources to furthering the devel-

opment of Thin Film Silicon (TFS)
technology to make solar energy

the power source of the future.

ARCO Solar's new TFS tech-
nology has the power to change

perceived limitations imposed by

conventional power supplies.

Products and applications

now within reach.

Scientists & Engineers

Our success in reaching our

goal depends largely on our Scien-

tists and Engineers.

They are individuals with the

ability to fuse theory and practice.

They integrate new information and

formulate new theories and concepts.

Bachelor's and advanced

degree candidates in: Physics,

Chemistry, Computer and Material

Sciences, Electrical, Mechanical

and Electronic Engineering are in-

vited to meet with our Employment

Representative.

For sign-up information, please

call your Placement Office or

write to:
