A Unique Opportunity...

QUALCOMM

Bright Future

Little more than a year old, QUALCOMM is already becoming a leader in the design of State-of-the-art Digital Communications Systems. The company consists of over 50 people and has a broad base of over 15 projects. The rapidly growing backlog of business will ensure stable employment opportunities for years to come—a rarity in a new start-up. We are looking for talented, intelligent individuals. In particular, we are looking for those with experience and education in the following areas:

- Software Design
- Communications
- Digital Signal Processing
- Analog and RF Circuit Design
- Analog and VLSI Design

Proven Team

Two of the founders of QUALCOMM, Dr. Irwin M. Jacobs and Dr. Andrew Viterbi are internationally known in the communications community and started their careers at M.I.T. Other M.I.T. graduates are:

Rich Kosowsky '82 Mark Epstein '63 Rob Gilmore '76 Tim Paul '78 Larry Jankauski '76 Andrew Cohen '77 Butch Weaver '76

Financial Rewards

The possibility for Equity Participation in a start-up company but without the typical financial sacrifice such opportunities usually entail. Additionally, a full range of fringe benefits including medical and dental insurance, liberal sick leave and vacation policy, and a qualified 401k plan.

Location

San Diego, California, in close proximity to the University of California at San Diego (UCSD) campus, Torrey Pines State Park, the ocean, La Jolla, and only minutes away from a host of recreational and cultural opportunities.

Sign up at the Placement Office for an Interview on Tuesday, December 2, 1986, or send your resume to QUALCOMM, Inc., 10555 Sorrento Valley Road, San Diego, CA 92121.
