THE FUTURE IS NOW!

In his best selling book, "Future Shock," Alvin Toffler argues that more and more of us will be unable to cope with the accelerating changes in our society. He thinks the next several years will see an increase in suicide, stress and depression, as people find themselves overwhelmed by rapid changes in every aspect of life.

IS IT REALLY THAT GLOOMY?

Along with many others we do not share this dark outlook on life. Frankly, we think that the current fast pace of change expresses a desire for a faster life. To cope with this, we are developing new knowledge and new techniques to help people adapt to modern life. One of these is "Future Shock." We believe that our pharmacy has the perfect blend of the modern day, complete stock dispenser of narcotics, health aids and sickness needs combined with the old-fashioned, courteous, dependable personal service you want to receive. The personal touch is still here.

OUR NEW YEARS RESOLUTIONS ARE SIMPLE.

It is our intention to continue to be a pharmacy in which you will always feel relaxed and at home. We promise to try to always have what you want right at home. And we also pledge a cheery old-fashioned new year and a bright future. Come to our pharmacy and feel right at home.
