SIEMENS

Graduating Engineers

Meet with Siemens representatives on your campus Friday, February 6, 1987

Talk to a world leader in medical electronics.

As the healthcare industry continues its rapid growth, the need for sophisticated diagnostic systems increases accordingly. Siemens holds a leadership position in the field with developments in such areas as CAT scanners, medical and dental x-ray equipment, patient monitoring systems, and magnetic resonance imaging (MRI).

Here, graduating engineers will find excellent opportunities to become experts in advanced medical systems. Our year-long development program, both in the classroom and side-by-side with our best people on rotating assignments, will give you a full view of the field, and show us both where you’d fit best.

Your options include technical sales, product support and (for those with advanced degrees) R&D. Prerequisites include a BS or MS in Biomedical or Electrical Engineering.

To explore the possibilities of a Siemens future, see your Placement Office to schedule an interview. If you are unable to arrange an interview, forward your resume to:

Lauren Mason

Siemens Medical Systems, Inc.
186 Wood Avenue South
Iselin, NJ 08830

An equal opportunity employer, m/f.

Does your car or light truck need brakes or mufflers?

FIND OUT FREE!

FREE Brake and Muffler Inspection

1. Pull all 4 wheels
2. Inspect drums, brake shoes and cylinders
3. Inspect disc pads, rotors and calipers
4. Muffler Inspection

Brake Shoes, Pads, and Mufflers guaranteed as long as you own your car

Disc Brake Overhaul
Includes new front brake pads, new grease seals, wheel bearings repacked, front rotors resurfaced, master cylinder and hydraulic system checked. Also check rear brakes and road test car. For imported and U.S. cars with conventional rear-wheel drive. Prices will vary for front-wheel drive, depending on vehicle model. Drum brakes slightly lower.

$69.00
