A Very Large Scale Invitation from a Technology Leader, to meet with some Very Interesting People

Today, they are some of the talented professionals who put Teradyne at the top of the Very Large Scale Integration (VLSI) test market. Not too long ago, they were MIT students. And on Tuesday, February 10th, they're "coming home" to share their experience and expertise with you.

Date: Tuesday, February 10th
Time: 7:00 p.m. to 9:00 p.m.
Place: Room 4-153

Refreshments will be served.

Teradyne is the world's largest independent producer of Automatic Test Equipment (ATE) for the electronics industry. The company's products also include computer-operated laser trim systems, test services and software, telecommunications test systems and backplane connection systems. Teradyne offers fast paced careers in hardware and software design, applications and customer support, mechanical design and sales.

So be there, February 10th, and keep your calendar clear Monday, February 23rd, too. That's when Teradyne will be holding on-campus interviews. Details to follow.
