**Listings**

Student activities, administrative offices, academic departments and other groups — both on and off the MIT campus — can list meetings, activities, and other announcements in The Tech’s “Notices” section. Send notices of interest (typed and double spaced) via Institute mail to “News Notes, The Tech, room W10-403,” or via US mail to “News Notes, The Tech, PO Box 29, MIT Branch, Cambridge, MA 02139.” Notes run on a space-available basis only; priority is given to official Institute announcements and MIT student activities. The Tech reserves the right to edit all listings, and makes no endorsement of groups or activities listed.

**Sunday, Oct. 18**

“Whirlwind’s Genesis and Descendants” — Three of the pioneers who built the Whirlwind at MIT — J.W. Forrester, C.R. Weiser and R.R. Everett — reflect on building the first computer with an operational core memory, and upon research and development at the MIT Lincoln Laboratories-Computer Museum, 140 River Street, 7 pm.

Tuesday, Oct. 20
