In fact, we'll even pay you more than $600 a month while you attend. That's in addition to paying for your tuition, required books and fees. It's all part of the Armed Forces Health Professions Scholarship Program. And here is how it works:

If you're selected for a Physician's Scholarship—from the Army, Navy, or Air Force—you're commissioned as an officer in the Reserves. While you're in school, you'll serve 45 days a year on active duty, gaining valuable medical experience. After graduation, you will serve three or more years, the length depending on the requirements of the Service selected and years of scholarship assistance received.

As an Armed Forces physician you'll receive officer's pay and benefits, and enjoy the advantages of working regular hours. You'll also see a diversity of patients and have opportunities to use sophisticated medical technology. But most important, while you're in medical school we'll help pay the bills. For more information, send in this coupon. There is no obligation.

YES! I wish to receive Armed Forces Health Professions Scholarship Program information. I understand there is no obligation.
