The Ultimate Internships

Many internships are merely opportunities to make photocopies or "gofer" coffee. But Microsoft offers the Ultimate Internships for MBAs, upper-level undergraduates, or students pursuing a degree in Computer Science, Applied Math, Applied Physics, or related disciplines.

We have two Ultimate Internship opportunities:

**Product Manager**

As a Product Manager Intern, you'll work directly with a Microsoft Product Manager helping market one of our best-selling systems, applications, or languages software. You will have a hand in defining business, product and marketing strategies; developing marketing communications, training, and analysis; and you will participate in forecasting, profitability analyses, and manufacturing.

**Program Manager**

As a Program Manager Intern, you will work with one of our Program Managers to coordinate all aspects of microcomputer software development, from programming and documentation to testing. You'll have a hand in setting design goals; reviewing product specs for consistency, researching product categories, new technologies, and competitive products.

This is an invaluable opportunity to gain hands-on experience, plus these very tangible benefits:

- Paid internship
- Paid relocation
- Paid health insurance premiums*
- Health club membership*

The Ultimate Internship lasts between June and September, according to your schedule. To find out more, begin by attending our on-campus interviews on Thursday, February 18. Contact your Career Placement Office to sign up. We are an equal opportunity employer.

*For the duration of your internship only.
