Join the Leaders in Real-Time Expert Systems

Gensym is developing real-time expert systems for on-line, intelligent monitoring and control of large, complex systems. The founders are a team of professionals with extensive experience in Lisp, Artificial Intelligence, User Interface, and Process Control technologies, a strong product orientation, and extensive experience in sales, marketing, and support of real-time expert systems.

Our modern offices are conveniently located in Cambridge near the intersection of Routes 2, 3, and 16, and only steps away from the Alewife "T" rapid transit line.

Gensym provides a unique opportunity for challenging, creative, exciting work as well as for sharing in the growth of a young company.

Full-time Employment Opportunities

Software Development: Strong Lisp and expert systems background is required. Engineering background, experience in C, and experience with real-time operating systems is helpful.

Documentation and Training: Strong technical writing and/or teaching background is required. A computer science or engineering degree is highly desirable. Candidates must be capable of writing impeccable English.

Sales and Marketing: Experience in high-technology sales and/or marketing as well as a working knowledge of expert systems and excellent written and verbal communication skills are required.

Customer Support: Candidates must have good interpersonal skills and a strong industry background to help customers develop and interface state-of-the-art expert system applications in the areas of process control, telecommunications, manufacturing, flight monitoring, robotics, and financial trading.
