Limited Quantity

Why not? Because we sell Apple Macintosh, IBM PS/2 and NeXT computers at substantial educational discounts. We've also got software, peripherals and supplies of all kinds- like hard drives, printers, diskettes, paper, and more...

Hey, and if you've already got a Macintosh or an IBM, check out our extensive library of public domain software & shareware. You can get games, utilities, and programs just by copying them onto your own diskettes!

Our sales consultants are always around to answer your questions or to demonstrate any of our products.

So stop by—we're in the lower level of the Stratton Student Center. You'll also find us at many orientation activities, including Parent's Orientation, September 7 & 8, and Family Weekend, October 19 & 20.
