Softball team splits Smith doubleheader

Behind the solid pitching of freshman Colleen Kaisser, the softball team scored a come-from-behind victory over Smith on Saturday.

The team lost the second half of the double header in a non-conference game against Smith, and held steady at 2-2 for the season.

The Engineers are 1-1 in the New England Women's Eight Conference, after losing at Mount Holyoke in the season opener.

The Engineers committed three errors in the first inning and al- lowed the Pioneers to jump out to an early 5-1 lead. "We started off poorly with several defensive mistakes early... but the fresh- man pitcher hung tough. She did a really good job," said Coach Jean Hickey.

The teams held the scoring even through the next two 1/2 in- nings. In the bottom of the fourth, sophomore Laura Shriver made a spectacular catch, and the Engineers rebounded with a 3-run inning.

The defense kept Smith from scoring through those two innings, and only al- lowed one more score — one error in the sixth inning.

The second game saw the Pio- neers play many of their second string players early in the game, after bringing a total of 18 players to the contest. The game was tied 0-0 going into the top of the ninth, when Smith ripped the Eli- ners for five runs.

The team is pleased with its 500 start to the season, but hopes to do better. "I think we're going to do pretty well this year. We have our whole infield back and our hitting is looking up," said Chang.

Hickey believes the team has a shot at the conference title this year. "I feel we can have a really good year. We have more experienced people in the backfield than we had last year, we hope to do better," said Hickey.

After over spring break, the Eli- ners played in a weekend tour- nament in Orlando, FL. The Engineers were without their best player, senior pitcher Showna Chang, who went on to win 8-1.
