PHYSICISTS! MATHMATICIANS! COMPUTER SCIENTISTS!

XonTech is a highly respected, progressive R & D firm specializing in the empirical analysis of complex physical phenomena, and development of advanced concepts and technologies in support of numerous defense programs.

Our research encompasses the following:
- Analysis and evaluation of flight test data involving missile, satellite, including:
  - Trajectory reconstruction
  - Re-entry aerodynamics
- Navigation analysis
- Orbital mechanics
- Research, development, and evaluation of advanced radar and weapons systems including:
  - Performance analysis
  - System simulation
  - Signal processing
  - System design
- Signature analysis

Our work is technically challenging, and offers exceptional visibility and direct client contact, with opportunities for technical and managerial advancement.

Positions are available at the Ph.D., Master's, and Bachelor's levels. Degrees must be in Physics, Mathematics, or Computer Science. Electrical Engineering with signal processing emphasis is also acceptable. Qualified professionals are invited to submit cover letter and resume in confidence to Corporate Personnel Department, XonTech Inc., 6060 Repossol Avenue, Van Nuys, CA 91406.

U.S. Citizenship Required.

All applicants selected will be subject to a security investigation and must meet eligibility requirements for access to classified material.

XonTech will be at the Career Fair on Wednesday, October 9th.

The drive to be the best.

Ten years, hundreds of accolades and millions of sales dollars later, the people at Quantum still aren't satisfied. Because to us, being the best means more than consistently winning the competition with our innovative disk drive products. It's also an innovation drive — one that compels us to continually top our own personal bests.

That kind of drive is responsible for the industry's first drive on a card, the first 1" profile 3-1/2" drive, and now a family of high-speed 2-1/2" drives. And 10 consecutive quarters of sales growth.

Are you driven?
We take only the best — and we retain the flavor.
We offer a generous compensation and benefits package as well as a superior work environment in our headquarters located in Milpitas, California — the heart of Silicon Valley.

If you work smart, hard and fast — like us — and are pursuing a degree in Engineering, we'd like to meet you.

We will be on campus all day
Thursday, October 10th.
See your Career Placement Center
for more details.

If you miss us on October 10th, send your resume to Quantum Corporation, Human Resources Dept., 500 McCarthy Blvd., Milpitas, CA 95035. We are an equal opportunity employer.

Quantum

The Investment Banking Division of
Goldman, Sachs & Co.

Cordially invites the students of the Massachusetts Institute of Technology to an information session on careers in Investment Banking.

Wednesday, October 16, 1991
