University: Watson come here! I'm calling the S&S for takeout.

What a marvelous invention! Now anyone can say hello to S&S Takeout. And say goodbye to dull food. Just imagine how good a gourmet Blenheim Burger would taste, or Pasta Primavera, inspired by Scallion Pretzels, or our savory Baby Back Ribs. Indulge yourself with Baby Watson's cheesecake. Whatever you wish. The entire $&S Menu is at your fingertips. In portions that make the S&S famous. And affordably priced. So whether for one or 21, call S&S Takeout and discover just how good takeout can be.

Powerful people. Powerful products.

You're about to receive a technical degree from MIT, one of the world's most renowned educational institutions. Congratulations!

At Intel, we're carrying our legacy of technological innovation on into the '90s and beyond — with a variety of development programs in advanced technologies, systems and components. The type of projects that transform world-class degrees into world-class careers!

Power hours

To learn more about our challenging opportunities, unique benefits and desirable locations, you are invited to attend the Intel Presentation/Reception scheduled:

Date: Tuesday, October 22
Time: 5:00pm - 7:00pm
Place: Building 4-231

Campus interviews will be conducted in the Career Placement Center on October 24 and 25 for BS/MS EE, CS (Courses 3, 6.1, 6.3 and BS/MS Material Science).

If you can't meet with us on campus, send or FAX your resume to: Intel College Recruiting, 5000 W. Chandler Blvd., Chandler, AZ 85226, FAX (562) 658-7004, to the attention of Intel College Recruiting. Intel Corporation is an equal opportunity employer and fully supports affirmative action practices. Intel also supports a drug-free workplace and requires that all offers of employment be contingent on satisfactory pre-employment drug test results.

The MIT Graduate Student Council presents

An Open Rehearsal with the Boston Symphony Orchestra

$7.00

Wednesday, November 6th at 7:30 PM
Open to all graduate students
Sign up forms outside of 50-222

JPL
Jet Propulsion Laboratory
California Institute of Technology

Voyager's flyby of Neptune and Magellan's ongoing radar mapping of Venus are just the beginning.

We're continuing to develop our Deep Space Network to track and communicate with missions for the '90s and beyond, including probing Titan, exploring Jupiter's atmosphere, mapping Saturn's satellites, and sampling Comet Kohoutek. Even examining the polar regions of the sun.

All of which means we're developing new technologies in solid-state surface physics, robotics, massively parallel systems, and hundreds of other disciplines.

So if you're a top graduate in science or engineering, this could be your calling.

See us on campus October 24 and 25. Or send your resume to Jet Propulsion Laboratory, 4800 Oak Grove Drive 249/104, Department X-83, Pasadena, CA 91109. An Equal Opportunity Employer.
