Software Engineering and Technical Consulting Opportunities......

OpenSoft

OpenSoft is a recently formed company creating a new class of open systems software tools with enormous potential for growth. Our goal is to become the major manufacturer and distributor of open systems application development tools in the world.

Our philosophy is to build the company with a young staff. You will be expected to assume major responsibilities very quickly. We offer you:

- The opportunity to implement your ideas;
- The opportunity to learn leading-edge technologies;
- A fast-paced but informal work environment;
- Competitive salaries and stock options;
- The financial stability of an established business with the opportunities and excitement of a start-up venture.

We seek individuals with Computer Science degrees or software development experience, for positions in software tools development and client consulting.

If you are interested in building such an organization and growing with it, please sign up for an interview or forward your resume to: OpenSoft, Recruiting Department, 219 Vassar Street, Cambridge, MA 02139 (FAX 617-498-1777).

They called him Master.

We call him Project Manager.

Our core virtue is to easily vanquish complex problems...contact him anytime when he becomes a chess champion in grade school.

His intelligence, drive and uncommon tenacity won him...have made him one of our outstanding project managers. But employees...call neat, at all issue. To some of the many university hires we value at Oracle.

Oracle is the largest supplier of DBMS software and the third largest software and services company in the world. We provide total systems solutions through database tools, applications and services. Oracle products run in more than 100 computing environments...are offered in 90 countries.

After 14 years, we continue to consistently increase our technology and market leader.
