THE MIT TCA/AMERICAN RED CROSS

BLOOD DRIVE
IS COMING SOON!!!!!

The blood drive will be held in Kresge. Walk-ins are welcome, but you are encouraged to schedule an appointment ahead of time so that we may arrange to have as many beds as possible. This will result in a more efficient and smoothly running drive, and less time for all involved.

Appointment forms may be picked up in the TCA office (4th floor Student Center), at dorm and house desks, in Lobby 7, in departmental offices, and various other locations around the institute.

We also need help running the drive! If you would like to help in any way, please contact TCA!

PLEASE MAKE APPOINTMENTS!!

Wednesday, 3/11 12-5
Thursday, 3/12 12-5
Friday, 3/13 12-5
Monday, 3/16 1-6
Tuesday, 3/17 1-6

Now is the time to show how much you really care - Please Donate!

For more information, or to make an appointment, call or visit the TCA office:

TCA Office x3-4885 - 4th floor Student Center

Suggestions for improvement: Please Donate.

Sometimes to do your best work, all you need is a change of scenery.

The new Apple® Macintosh® PowerBook™ computers, give you the freedom to work anywhere you want, any time you want.

They're small enough to fit in a book bag. Powerful enough for your toughest class assignments. And they're affordable, too.

They run virtually all Macintosh software. And can run for up to three hours on a single battery charge.

The Apple SuperDrive™ disk drive reads from and writes to Macintosh and MS-DOS formatted disks—allowing you to exchange information easily with almost any other kind of computer. Add SoftPC and you can run MS-DOS programs, too.

With built-in AppleTalk® Remote Access software and a modem, you can use a PowerBook to access files from your project partner's Macintosh without leaving the library. Or log on to the library computer without leaving your room.

There are three models from which to choose: the PowerBook 100 is the lightest, most affordable PowerBook, the PowerBook 140 offers higher performance and a built-in Apple SuperDrive disk drive, and the PowerBook 170 is the highest-performance PowerBook. All three offer bright, adjustable backlit screens and the simplicity of Apple's latest system software—System 7. And their ergonomic, all-in-one design makes them comfortable to use—no matter where you do your best work.
