Jim's Journal

by Jim

Today at the copy store Julie was wearing a "save the Earth" sweatshirt.

Everybody was picking on her, saying "It took too much ink to print that shirt, and things like that.

Julie kept saying "Come on you guys, it's just a stupid shirt. Cut it out."

Later, a customer came in wearing the exact same shirt and everybody was trying not to laugh.

It can help you organize your notes, design your party flyer, and finish your class project before spring break.

The new Apple Macintosh Classic II computer makes it easier for you to juggle classes, activities, projects, and term papers—and still find time for what makes college life real life.

It's a complete and affordable Macintosh Classic system that's ready to help you get your work finished fast. It's a snap to set up and use. It has a powerful 68030 microprocessor, which means you can run even the most sophisticated applications with ease. Among its many built-in capabilities is the internal Apple SuperDrive disk drive that reads from and writes to Macintosh and MS-DOS formatted disks—allowing you to exchange information easily with almost any other kind of computer.

If you already own a Macintosh Classic and want the speed and flexibility of a Macintosh Classic II, ask us about an upgrade—it can be installed in a matter of minutes and it's affordable.

To make more time for your personal life, get a Macintosh Classic II for your personal space. See us for a demonstration today, and while you're in, be sure to ask us for details about the Apple Computer Loan. It'll be time well spent.
