**Why You Should Start Planning For Retirement With Your Eyes Closed.**

Retirement to be the time of your life, you have to dream a little...about the things you've always wanted to do: travel, explore, start a business. Just imagine...

With a dream and a plan, you can make it happen. Your pension and Social Security should provide a good basic retirement income, but what about all these extras that make your dreams possible? You'll probably need some additional savings.

**THE DREAM IS YOUR OWN. WE CAN HELP YOU WITH THE PLAN.**

TIAA-CREFSupplemental Retirement Annuity (SRAs), tax-deferred annuities for people like you in education and research, are a good way to save for retirement and to save on taxes now. SRAs are easy—you make contributions through your institution before your taxes are calculated, so you pay less tax now.

You pay no tax on your SRA's contributions and earnings until you receive them as income. And saving regularly mean your contributions and their earnings can add up quickly.

What else makes SRAs so special? A broad range of allocation choices, from the safety of TIAA to the investment accounts of CREF's variable annuity: no sales charges; a variety of ways to receive income, including annuities, payments over a fixed period, or cash. You may also be able to borrow against your SRA accumulation before you retire.*

All this, plus the top investment management that has helped make TIAA-CREF the largest retirement system in the country. So start dreaming and planning for the time of your life. Because the sooner you start your SRA, the greater your savings and your retirement will be.
