OPPENHEIMER **Loved** our Martinis

FERMI **Preferred** the Burgers

Newbury's has been serving hungry, tuition strapped Tech students (and faculty) since before the discovery of radar, atom bombs, virtual reality, and black holes.

You don't need a Nobel Prize to discover us. We're just across the Mass. Ave. Bridge at the corner of Newbury Street. Our reasonable prices satisfy the mind while the burgers, steaks, fresh seafood & endless salad bar satisfy more primal needs.
