Jime's Journial

by Jim

Today I was watching TV with Ruth.
The channel wasn't coming in very well.
Ruth moved the antenna around.
That's a little better, isn't it? she said, even though it was just as bad.

Isn't it time all those years of note-taking paid off? Here's your chance. An extra $500 from Ford and Mercury when you buy or lease any eligible '91, '92, or '93 Ford or Mercury car or Ford light truck. You can use your $500 cash back towards the purchase or lease, or you can take it as cash. College Program benefits are over and above consumer incentives, except other Ford private offers, like the First Time Buyer Program.

As an undergraduate, you're eligible for this $500 cash back if you're currently enrolled in an accredited 4-year undergraduate program at this school and take new vehicle retail delivery between April 1 and December 31, 1992. You are also eligible if you earn a bachelor, associate, nursing or advanced degree, or are enrolled in graduate school between October 1, 1990 and December 31, 1992 and take new vehicle retail delivery between January 1 and December 31, 1992.

During the program period, qualified applicants may also enjoy the benefit of Ford Credit Financing. In addition, graduating college seniors and graduate students may qualify for pre-approved credit levels through Ford Credit, which could mean no down payment.

Buying a new vehicle has never been simpler. For more information, call the Ford/Mercury College Program Headquarters at 1-800-321-1536 or visit your Ford or Mercury dealer.
