Advanced Materials and Processes for a Sustainable Environment

Dr. Robert A. Laudise
Director, Materials and Processing Research Laboratory
AT&T Bell Laboratories

The 1992 Wulff Lecture for Freshmen and Undesignated Sophomores

Sponsored by the Department of Materials Science and Engineering

Wednesday, December 2, 1992 4:00 p.m.
(Refreshments at 3:15)

Room 10-250

Good teaching makes a difference and deserves our recognition.

Nominate your best teacher(s) for:

Baker Foundation Teaching Award

The recipient(s) will each receive a $1000 honorarium and a bronze medal, to be presented at the Awards Convocation in May

Past winners include Professors Bose, Lazarus, Kemp, Gurney, Thilly, and Flowers.

Look for a nomination cover letter in your mail.
