Kaplan gives you 4 reasons to start training now for the April 
MCAT.

As Kaplan, you don’t have to wait for our first class to get a head start on the MCAT. Our learning extras help raise your score as soon as you enroll:

1. Kaplan’s MCAT Diagnostic Test profiles your scoring strengths and weaknesses, so you can set your training goals.
2. Kaplan’s Home Study Notes mean you can take it with you. Indexed, illustrated and reader-friendly — 1300 pages of science review.
3. Kaplan’s Big Picture Videos makes science brush-ups easy and engaging.
4. Kaplan’s Audio/Video Learning Lab gives you access to the world’s largest collection of MCAT practice materials.

All this before you even begin our class sessions! Ready to start? Call

New Federal Student Loan Now Available

- Recent federal legislation has created the availability of a Federal Stafford Student Loan that is not based on financial need. Unlike the original Stafford Loan, the interest on this new loan is unsubsidized (accrues immediately). However, the interest may be capitalized (added to principal) and deferred while you are in school.

- If you have already borrowed the maximum Stafford Loan for your grade level, you are not eligible for the unsubsidized Stafford Loan this academic year.

- If you were denied a Stafford Loan for this academic year, or received only a portion of the annual maximum, you may be interested in exploring this loan option further.

- Stop by the Student Financial Aid Office in 5-119 for an information packet, or call x3-4971.
